I Want to See Him Smile (E)

```
E                                        A             E
I can hardly wait till that day when I hear my Jesus say
                           B               E
Well down, come home my child. While I'm living here below,

I'm gonna work and I'm gonna show how much
                      B        E
I love him. I want to see him smile
```

```
E
I want to see him smile, well done my child.
                                            B
You've done your best come rest a little while.
              E
The world of sin you've overcome. A Crown of life
         E    (NO STRUM)  E             B        E
you have won. But most of all I want to see him smile
```

```
E
Well I've had trouble I've had sorrow.
                                    B                E
I don't worry about tomorrow for I know who holds my hand.
            E
I know if I will do my best surely He will do the rest.
                         B         E
He'll guide my way to that fair land
