Jesus is all that I need in this world.
G                   D
Jesus is all that I need.

He's the one gonna stand by me.
             A          D
Yes Jesus is all that I need.
```

```
D                                                   G
When I get way down, down in trouble, and my burdens
             D
they seem double. He'll take my hand, and pull me out
                                A       D
lift my burdens, make me want to shout.
```

****

```
D                                                 G
He'll be closer, closer than a sister, he'll be closer
                 D
closer than a brother.  He'll be a father and a mother
                A            D
yes Jesus is all that you need.
