Jesus is all that I need (F)

Begin with chorus, end with chorus 2 times

```
F
Jesus is all that I need in this world.
B                   F
Jesus is all that I need.

He's the one gonna stand by me.
             C          F
Yes Jesus is all that I need.
```

```
F                                                   B
When I get way down, down in trouble, and my burdens
            F
they seem double. He'll take my hand, and pull me out
                                C       F
lift my burdens, make me want to shout.
```

****

```
F                                                 B
He'll be closer, closer than a sister, he'll be closer
                 F
closer than a brother.  He'll be a father and a mother
               C            F
yes Jesus is all that you need.
```
